Adverse Childhood Experiences: England

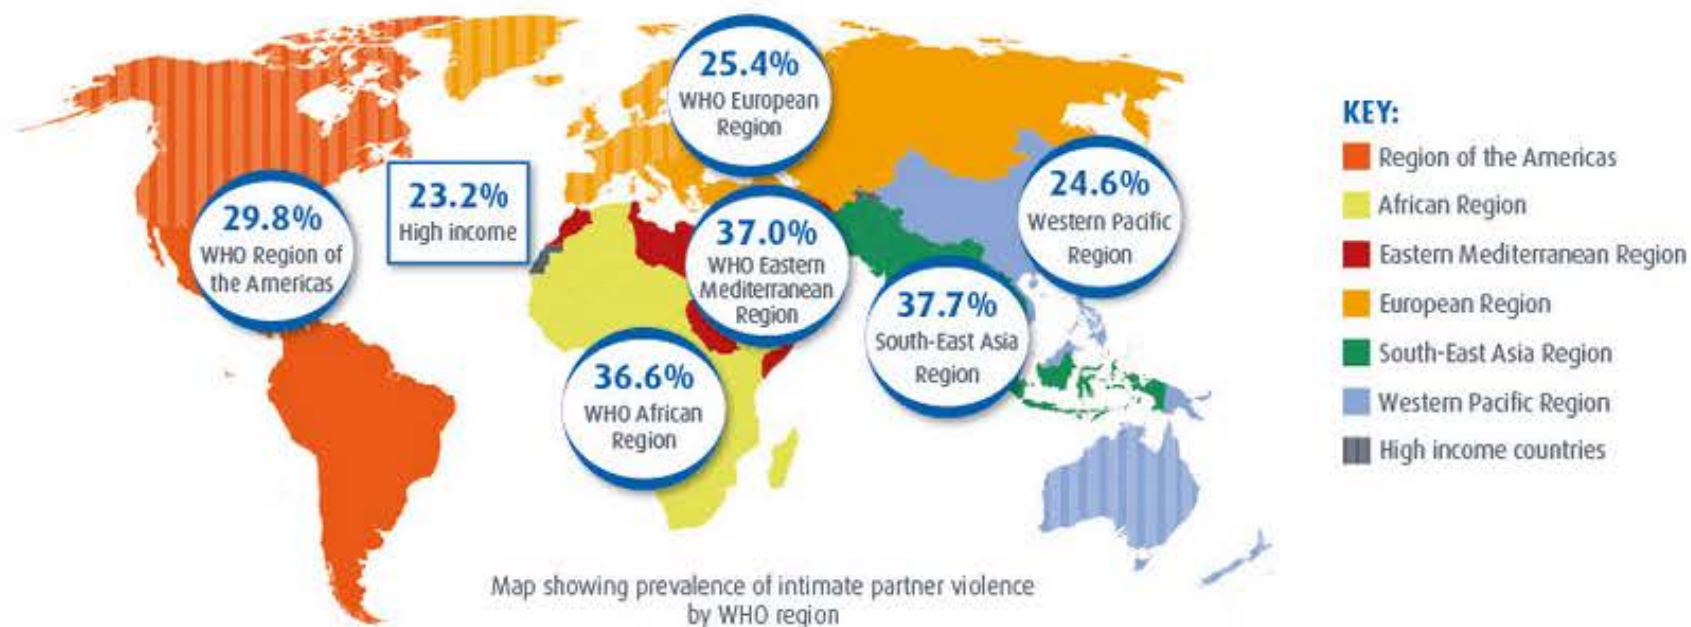

Domestic Violence is a Public Health Issue

- 35% of women suffer from it.
- 42% of these women experience injuries.
- 38% of all murdered women are murdered by partners (6% of all murdered men)

Global prevalence

Tax havens increase inequality

- 50% of wealth in tax havens belongs to top 0.01% of people in advanced economies
- That wealth is equivalent to 5% global GDP
- Tax avoidance on massive scale

- Added to that is avoidance of tax by multinationals

Multinationals' tax avoidance

- €600bn a year shifted to world's tax havens
- €350bn into European tax havens – mainly profits from EU countries. Taxed at 0 to 5%
- Deprives the EU of a fifth of corporate tax revenue: **€60bn a year**
- For the UK **€12.7bn a year**
- Cf £350m a week is £18.2bn a year

My two messages in a world of post-fact politics

- Evidence-based policy
