

CONSIDER BECOMING A MEMBER OF THE BOARD OF DIRECTORS

2023 ELECTION

The 2023 Annual General Meeting of GLEPHA will be held on Tuesday November 21st, 2023 by virtual Zoom meeting. The Notice of AGM will be sent out to all members by mid-October once details have been finalized.

As a normal course of business, there will be an election for a number of GLEPHA Board positions. An election will be held at this upcoming AGM for the following positions:

Vice President, and;
3 Ordinary Board member positions.

We are always looking for GLEPHA members who are keen on serving on our Board to contribute to furthering the aims of our association and to building GLEPHA. We have been fortunate that we have had a diversity of experience from different fields, and that has served us well. It is desirable to have diversity across gender, geographically, and with different work, research and policy experiences, as it is through this diversity that our association is better able to advance the objectives of GLEPHA in a meaningful and relevant way.

GLEPHA Board members are expected to actively participate in the management of the association, by attending board meetings (usually 6-8 per year), assisting in fund raising, and being GLEPHA board representative on one or more of our Special Interest Groups. GLEPHA Board members represent the values of the association.

The following is the link to the GLEPHA webpage 'Our People,' showing our current Board of Directors; <https://glepha.com/our-people/>

For more details about the role as a member of the Board of Directors, please contact: Richard Bent, GLEPHA President at rcbent@sfu.ca, or Nick Crofts, Executive Director, at nick.crofts@unimelb.edu.au.

Please consider standing for election to the Board of Directors.
