

# PLEPH2027

Christchurch  
Ōtautahi, NZ  
21-24 NOV

First Regional Pacific Conference on Law Enforcement & Public Health

## ***Te Ara Hou: New Pathways***

Addressing critical issues in public health  
and safety in the Blue Pacific Continent

**21–24 Nov 2027**

**SAVE THE DATE**

**University of Canterbury  
Ōtautahi Christchurch  
Aotearoa New Zealand**

Following successful LEPH conferences in Australia, Europe, Canada, Africa, and the United States, Ōtautahi Christchurch will host the First Regional Pacific LEPH conference, bringing the global law enforcement and public health movement to the Blue Pacific Continent.

Safe, healthy communities need police and public health to collaborate. PLEPH2027 is where that work gets shared, tested and built on.

**The conference spotlights research and good practice from across the Pacific and the world, with **Pacific and Indigenous voices at the centre.****

Designed by Ms Oceana Olsen and inspired by Māori and Pacific design, the PLEPH2027 logo represents unity through collaboration — the interconnected relationships between people, communities and organisations.

## WHAT TO EXPECT

- Plenary sessions with global and Pacific leaders
  - Current evidence-based practice and research presentations across the LEPH field
  - Pre-conference workshops on specialist topics
  - Networking with delegates from across the Pacific and beyond
  - Exhibition of products, services and programmes
- 

## WHO IT'S FOR

Police and law enforcement agencies • Public health agencies and practitioners • Government and local government policy makers • Universities, researchers and students • Community organisations, NGOs and affected communities • Commercial partners and service providers

---
